ACADEMIC DETAILS

COURSE	SPECIALIZATION	INSTITUTE	BOARD	SCORE	YEAR
CLASS XII	SCIENCE	Father Agnel School, Noida	CBSE	93.8%	2022
CLASS X	GENERAL	DPS Indirapuram	CBSE	92.2%	2020

INTERNSHIPS AND PROFESSIONAL EXPERIENCE

Product Management Intern, Glance (InMobi)

May 2026 - Present

- Building **AI-powered agentic shopping experiences** for **50M+** connected TVs in the US market.
- Working at the **intersection of AI, commerce, and personalization** to reimagine TV-native shopping journeys.
- Collaborating across product and engineering teams to design scalable ambient commerce and user engagement workflows.

Product & GTM Intern under **Vaibhav Bhargava** (Led Product at Uber India, ex- SDP at Meesho)

Sept 2025 - Nov 2025

- Built an **automated lead sourcing & scraping system** to identify **~1,000** leads from Reddit & Instagram, streamlining the entire sourcing pipeline.
- Drove **-1 → 0 product discovery**, testing hypotheses through user interviews and iterated on **low-fidelity prototypes** to test customer adoption
- Ran **growth experiments (Instagram ads, landing pages, funnels)** to measure customer interest and validate demand across multiple problem spaces.

Founders' Office Intern, Shoffr

June 2025 - Aug 2025

- Assisted with **client outreach**, follow-ups, and coordination, contributing to customer acquisition efforts.
- Helped explore and pilot** a potential new business channel through **research, documentation, and execution support**.
- Researched and explored** a potential customer loyalty initiative, supporting early structuring and internal discussions.

Founder's Office Intern, Pinch

April 2025 - May 2025

- Led end-to-end operational streamlining of **supply chain and finance processes**, **reducing turnaround time (TAT)** and improving cross-team efficiency.
- Spearheaded the creation of detailed **Product Requirements Documents (PRDs)**, collaborating with product, design, and engineering teams.
- Diagnosed workflow inefficiencies and built Google Apps Script automation to enhance scalability and minimize manual errors.

PROJECTS

Sahaay - Hyperlocal Women's Safety App (Flutter + Firebase)

- Built a **full-stack Flutter app** with **real-time SOS triggering, geo-matched responder system, & consented victim-responder connections (chat/call)**.
- Designed end-to-end from **PRD to working prototype**, including community **crime heatmap** and core user flows using **Claude Code**.

Lead Sourcing Engine (Python + Selenium)

- Engineered a dual-platform scraper across Reddit (**comment-intent parsing**) and Instagram (**hashtag traversal + follower filtering + contact details**)
- Automated pipeline surfacing **~1,000 qualified leads**, structured and **exported to Excel** for targeted outreach

Coursera Auto-Grader Script (Vanilla JS, Browser Automation)

- Built a console-injectable JS script automating rubric-based grading across 1000+ submissions with a plagiarism-to-score weighted algorithm
- Handled edge cases (no file, no text), auto-pagination across learner pages, and safeguards against double-grading, reducing grading time by ALOT.

POSITION OF RESPONSIBILITY

Teaching Assistantship, Writing Practice & Environmental Sciences, BITS Digital

Sept 2025 - May 2026

- Evaluated and graded **~1000+** assignments and papers, providing constructive feedback to help students enhance their academic writing skills.
- Supported course instructors in planning exercises, managing schedules, and maintaining classroom resources.
- Monitored student progress and collaborated with faculty to implement targeted learning interventions.

Led Mentor & Government Relations at Conquest, Asia's Largest Student- Run Startup Accelerator (E-Cell, BITS Pilani)

Feb 2024 - August 2025

- Evaluated **1000+ startups**, led **120+ founder interviews**, and assessed **200+ pitch decks**, driving end-to-end mentor matching across the cohort
- Personally interfaced with **Sumeet Jarangal (Director, Startup India)** to bring in strategic initiatives and government support for Conquest.
- Negotiated key partnerships saving **₹5L+** and curated an audience of **300+ top-tier VCs, founders, and Industry Leaders** for flagship events

Joint Coordinator, BITS Pilani Consulting Club

June 2024 - August 2025

- Led consulting projects for **Infosys, Visit Health, and Origin Health**, delivering across **growth, GTM, ops, and customer segmentation**
- Secured **₹60K in sponsorship from Infra.Market** and drove **1300+ registrations** for CaseQuesta, Apogee's flagship consulting event
- Partnered with **The ARC** to execute an **Inter-BITS consulting competition**, expanding cross-campus engagement and participation

RESEARCH EXPERIENCE

Research Study: Financial Management of MSMEs in Rajasthan (Prof. Rajesh Matai, Senior IEEE Member)

Jan 2026 - May 2026

- Conducted **Panel Data Regression** on 15 years of MSME data (**Prowess, CMIE**), extracting firm-level datasets to analyze financial performance

Laboratory Research Project: Lung Fibrosis (Prof. Rajeev Taliyan, HOD- Pharmaceutical Sciences)

Jan 2026 - May 2026

- Selected among 6 students across 4 batches for a **lung fibrosis research program**, applying cell culture techniques to support experimental analysis

Exploring Menstrual Blood-Derived Stem Cells (MenSCs), (Prof. Aniruddha Roy)

Aug 2025 - Dec 2025

- Initiated independent research, contributing **personal biological samples for stem cell isolation** in an **under-explored, stigmatized domain**

ACCOMPLISHMENTS AND EXTRA CURRICULAR ACTIVITIES

- Secured **4th position among 370+ participants** at Nexus – The Strategy Enigma, IIM Lucknow x IIM Rohtak
- National Finalist**, B-Plan Competition, IIT Bhubaneswar
- Member**, Dance Club, BITS Pilani
- Finalist**, D. E. Shaw & Co. Finspire Fellowship Program
